RE: Right-to-Know Request Tracking Numbers: 2019-0523 (NE)

Dear Requester:

On August 29, 2019, the Open Records Officer of the Department of Environmental Protection (DEP) received your request under the Pennsylvania Right-to-Know Law, 65 P.S. §§ 67.101-67.3104 (RTKL).

On July 31, 2019, your RTKL request was granted by DEP's Northeast (NE) Office, but payment was required prior to record production.

On August 27, 2019, your payment was received by DEP's Central (CO) Office.

Your records are enclosed.

Sincerely,

Joseph J. Buczynski, P.E.
Assistant Regional Director
Northeast Regional Office

To Whom It May Concern:

Pursuant to the Pennsylvania Right to Know Act, I hereby request the following records:

Region: NE Region
Department: Solid Waste Division
Records: copies of all WMGR081 annual reports covering calendar year 2018

The requested documents will be made available to the general public, and this request is not being made for commercial purposes.

In the event that there are fees, I would be grateful if you would inform me of the total charges in advance of fulfilling my request. I would prefer the request filled electronically, by e-mail attachment if available or CD-ROM if not.

Thank you in advance for your anticipated cooperation in this matter. I look forward to receiving your response to this request within 5 business days, as the statute requires.

Sincerely,

Cindy Long

Maximum Total weight in facility would be 100,000 lbs.

100,000 lbs. / 2,000lbs (=1ton) = 50 ton

Each roll off can handle 5 ton each. Trans cost per pull is \$185.00

10 Roll offs X \$185 each pick up = \$37.00 per ton x 50 ton = \$1850

Price per ton is \$72.00 for waste disposal \$3600

(Manpower)\$18-hour X 20hours= \$360 X3 people=\$1080

Total price per ton would be \$131.00 X 50 ton=\$6550.00

How do I start? Select a likely "worst case" scenario where you would have a maximum amount of the facility open and in need of closure. Provide a description of the scenario with references to site development stages:

MOST OF THE UNIVERSAL WASTE STREAMS THAT ARE ACCEPTED IN OUR FACILITY ARE SORTED AND SENT OUT TO A PERMITTED RECYCLING FACILITY. E-SCRAP IS SORTED FOR RESALE OR BROKEN DOWN FOR PLASTIC AND METAL RESALE.

Per Waste permit WMGR081 we have enclosed our incoming collection weights and outbound shipment weights for the year 2015. GER Solutions Permit number WMGR081D037. No processing only sorting and repacking of materials in 2015 and shipped out to downstream end of life processors. Company addresses are attached for our downstream processors. We have no contracts with manufactures. Bonding is still good at this time there is no increase necessary.

Question: I have several people call me in regards to paint, Furniture and tire recycling. Are there outlets that I can direct people to go to? I know Northampton County does paints but I don't believe Lehigh County has an outlet for residents. Your help would be greatly appreciated.

Per Waste permit WMGR081 we have enclosed our incoming collection weights and outbound shipment weights for the year 2016. No processing only sorting and repacking of materials in 2016 and shipped out to downstream end of life processors. Company addresses are attached for our downstream processors. We have no contracts with manufactures. Bonding is still good at this time there is no increase necessary.

Re: Annual Operation Report
GER Solutions, LLC d/b/a Free-Cycle
Administrative Review – Deficiency Notification
Permit No. WMGR081D037
Hanover Township, Lehigh County

Dear Mr. Johnson:

The Pennsylvania Department of Environmental Protection (“Department”) recently completed an administrative review of the above referenced annual report as submitted by GER Solutions, LLC. Based on this review, the report was found to be deficient. Specifically, Condition G.1. of the WMGR081 permit requires the following information to be submitted:

1. The weight or volume of each type of waste received
2. The weight or volume of each type of waste processed
3. The generator(s) of the waste
4. The weight or volume of each type of material reclaimed from the accepted waste
5. The final disposition of all waste including dates of shipment, quantities and name and address of the party to which the processed waste was shipped
6. If covered devices were accepted as part of an original equipment manufacturer’s plan, provide the manufacturer’s name and the weight of covered devices accepted
7. Updated bonding calculations, if necessary

Within thirty (30) days you are requested to provide a written response to this letter which includes all missing/incomplete information as noted above.

If you have any questions, please contact me or Tracey McGurk.

Sincerely,

Erika G. Bloxham
